

**Might you be interested in doing something a bit different as an Instructor this year?**

**Do you sometimes need to earn a bit extra, but don't want to take on more weekly learners?**

KC  
**UNDER17**  
Driving

Driving experience events for learners age 14+, who are ready to get behind the wheel but too young to get on the road.

## **WE OFFER ADI INSTRUCTORS**

**Flexibility:** join us on an event-by-event basis for a part or a full day - there is no ongoing contract or commitment.

**You choose how often:** currently a maximum of one full day at a driving event approx. every 2 months from February to November, the absolute minimum would be one part day at an event sometime during 2024 - you agree to attend when it suits you, and you don't when it doesn't.

**Part or full day rate:** we commit to paying the full amount for each event you agree to attend - even if we don't have a full diary of learners for you that day.

**Bonuses:** something extra for those who eg. attend 5 events in a row, introduce another Instructor who becomes a regular team member, or who receives a really good testimonial from a learner.

**No prep:** a day in the car without having to schedule learners, chase payments, deal with cancellations, think about lesson planning or focus on test prep - we do all the admin, you just 'arrive and drive'.

**Free promo:** for you and / or your driving school - spend time with young learners and parents who will probably be looking for on-road lessons in the not-too-distant future.

**Time to chat:** with other Instructors between learner sessions, and also at social get-togethers held at the end of each event - being an Instructor means working solo most of the time, but at our under 17 events that's different.

**Join our ADI and PDI team:** a group of Instructors you can ask questions to if you need a bit of support, or share your knowledge if someone is struggling with something you can help with.

**The opportunity to have a very different Driving Instructor experience** - quotes from some of our current Instructors....

This is Mike, he worked on every event last year and here's what he had to say...

"I really enjoy working at the u17 events, it's a great change from normal driving lessons. Plus your working in a team, a great bunch to work with. There's also no pressure to get them ready for their test - as long as you keep them safe it's a real fun experience, and I'll tell you what some of these youngsters can really drive!"

Mike Barnes, AA Driving School

"I really enjoyed the day and meeting the students, makes a nice change from the usual round of lessons."

Mike Farrell, Independent Instructor

"Loved today. Thank you for laying on the food, it was very generous."

Julia Carlisle, KC Driving School

## WE OFFER LEARNERS

We organise under 17 driving event days for younger learners age 14+

- We focus on developing driving skills while having fun, at private venues in the Warks area away from public roads and everyday traffic.
- We have various activity areas so learners are developing their skills as they drive around, inc. our figure-of-eight and slalom areas, and with an early introduction to manoeuvres including bay and parallel parking.
- We provide safe driving experiences for younger learners, with DVSA registered ADIs and PDIs in dual controlled cars.

We have 2 main types of under 17 learners

- 16 year olds preparing for on-road driving lessons at 17+, who may choose to stay with the Instructor they have got to know through us.
- 14, 15 and 16 year olds who join us as part of their birthday celebrations.

Sessions for learners last from 30 minutes, up to a maximum of 90 minutes.

Our driving events are currently held around every 2 months from February to November, and usually at weekends.

## MEET KC UNDER 17 DRIVING

### Keith Caunter

An experienced ADI and the founder of KC Driving School, who is predominantly a Driving Instructor trainer these days.

### Gill Buttery

An experienced ADI, who provides automatic lessons around the Lutterworth and Rugby areas.

Our usual Nuneaton venue is not currently available so we are looking for an alternative - we are continuing to hold events at our Rugby venue.

Expanding our team of Instructors will mean we can offer a safe early introduction to driving to more younger learners, and we would love for you to consider joining us!

We look forward to hearing from you,

*Keith and Gill*

## WHAT IS NEXT?

**We will be holding a drop-in at one of our venues in a few weeks, and we are inviting you to come along.**

This will be a driving event with learners - a chance for you to see an event layout and to get an idea of what happens on an event day.

You can meet us and we will answer all your questions - with no commitment to anything more at this stage.

We're always delighted to add new members to our ever growing team, and we hope you'll explore the possibility of joining us.

**If you would like to arrange a chat, or for us to send you the details for the drop-in, please send us a message.**
