

Would you benefit from additional in-car experience to complement your current part 3 PDI training?

How would you like to have a team of other PDIs and qualified Driving Instructors to call on for support?

KC
UNDER17
Driving

Driving experience events for learners age 14+, who are ready to get behind the wheel but too young to get on the road.

WE OFFER PDI INSTRUCTORS

Valuable additional experience, while you continue your PDI training journey with your current training provider.

Passed part 2? Our under 17 driving events are regular opportunities for you to:

- Gain valuable in-car experience with a variety of real learner drivers as you make progress with your part 3 training - for those taking the Trainee Licence (pink) route, and especially for those who have made the decision not to.
- Earn while you continue to learn - £ to put towards your Driving Instructor training investment.
- Make connections with local Driving Instructors, with potential opportunities to sit in and observe their driving lessons.

Spend time with:

- Other PDIs who are also going through their part 3 training, who will be having similar experiences as you are and who will have similar questions.
- Qualified Driving Instructors with a wealth of experience, who have all been through the qualification process you are currently going through.
- An experienced Driving Instructor trainer, who will provide free additional training related to safeguarding and site safety, and teaching younger learners and those with additional needs.

Don't have a dual-controlled car yet? We have a couple of cars which may be available, and good links with local dual-controlled car rental companies.

WE OFFER ALL OUR INSTRUCTORS

Flexibility: join us on an event-by-event basis for a part or full day - with no ongoing commitment.

Time to chat: with other Instructors between learner sessions, and also at social get-togethers held at the end of each event - being an Instructor means working solo most of the time, but at our under 17 events that's different.

Join our ADI and PDI team: a group of Instructors you can ask questions to if you need a bit of support, or share your knowledge if someone is struggling with something you can help with.

"As a PDI currently training for my part 3 exam I jumped at the chance to gain some extra experience. I'm not on a trainee licence so this was great to get some "hands on" experience. Gill and Keith are very welcoming and friendly and offer loads of practical help as well as being happy to answer all my questions regarding both the part 3 exam and things to consider before doing the job for real".

Steve Brown PDI

WE OFFER LEARNERS

We organise under 17 driving event days for younger learners age 14+

- We focus on developing driving skills while having fun, at private venues in the Warks area away from public roads and everyday traffic.
- We have various activity areas so learners are developing their skills as they drive around, inc. our figure-of-eight and slalom areas, and with an early introduction to manoeuvres including bay and parallel parking.
- We provide safe driving experiences for younger learners, with DVSA registered ADIs and PDIs in dual controlled cars.

We have 2 main types of under 17 learners

- 16 year olds preparing for on-road driving lessons at 17+, who may choose to stay with the Instructor they have got to know through us.
- 14, 15 and 16 year olds who join us as part of their birthday celebrations.

Sessions for learners last from 30 minutes, up to a maximum of 90 minutes.

Our driving events are currently held around every 2 months from February to November, and usually at weekends.

MEET KC UNDER 17 DRIVING

Keith Caunter

An experienced ADI and the founder of KC Driving School, who is predominantly a Driving Instructor trainer these days.

Gill Buttery

An experienced ADI, who provides automatic lessons around the Lutterworth and Rugby areas.

Our usual Nuneaton venue is not currently available so we are looking for an alternative - we are continuing to hold events at our Rugby venue.

Expanding our team of Instructors will mean we can offer a safe early introduction to driving to more younger learners, and we would love for you to consider joining us!

We look forward to hearing from you,

Keith and Gill

WHAT IS NEXT?

We will be holding a drop-in at one of our venues in a few weeks, and we are inviting you to come along.

This is a driving event with learners, and a chance for you to see an event layout and to get an idea of what happens on an event day.

You can meet us and we will answer all your questions - with no commitment to anything more at this stage.

We're always delighted to add new members to our ever growing team, and we hope you'll explore the possibility of joining us.

If you would like to arrange a chat, or for us to send you the details for the drop-in, please send us a message.
